

SAFETY, HEALTH & ENVIRONMENT POLICY STATEMENT

As a recognised innovator and leader in the manufacture of plastic pipes and fittings, DPI Plastics is committed to professional standards, quality products and superior service. DPI Plastics (Pty) Ltd will conduct its operations in such a way that the health and safety of its employees and other persons, both on and near its sites, is not endangered and its operational impact on the environment is minimised.

DPI Plastics (Pty) Ltd is committed to:

Protecting the health, safety and wellbeing of its people, the environment and the surrounding communities.

Setting objectives and measurable targets as a means of determining continual SHE improvement performances and communicating them to all employees, other interested and affected parties. Reviewing the objectives and progress towards their achievement on a regular basis.

Complying with applicable health, safety, environmental legislation and regulations as a minimum, and striving for implementation of industry best practice.

Minimising the impact of its business on the environment while maximizing shareholder value.

Providing training and education to our employees to help them understand the policy and objectives so that they can operate safely in healthy, safe and environmentally friendly operations.

Developing and implementing ISO14001 as well as retaining OHSAS 18001 listing as a means of ensuring continual SHE improvement.

Co-operating and communicating openly with all stakeholders and interested parties towards a shared goal of improving our SHE system.

Developing and maintaining a skilled and committed workforce.

Making World Class practices and performances a way of life.
